

Thanksgiving Scavenger Hunt Instructions 추수감사절 보물찾기 하기

1. **Download and print the Scavenger Hunt** files from this post. (See blue box below) If you have cardstock on hand, it would be helpful (but not necessary) to print the first 3 sheets on stronger paper, since they will be used to make little pocket envelopes for the clues. 프린트된 힌트지를 가위로 잘라 준다.
2. Cut the first three sheets into 12 separate rectangles (Labeled “Clue #1” through “Clue #12”). **Fold each rectangle in half and staple the two side edges closed**, leaving the one long edge open at the top. 힌트지를 반으로 접어 옆면에 스테이플을 찍어 긴쪽이 열리게 만든다
3. **Cut the next 2 sheets into 12 separate clues** (each sheet has 6 scavenger hunt clues on it). Fold each clue in half and slip into the little “pocket envelopes” you created in Step 2. (And there’ll be a little extra room in the envelopes if you want to slip in a few candy corns or something sweet.) 나머지 2 장을 12 개의 힌트로 만들어 준다.
4. **Hide the 12 clues** in various places around the house. (Keep the final, full-size clue on hand for the end of the scavenger hunt. Or roll it up like a scroll and hide it as a “super clue” for the kids to find!) 먼저 12 개 힌트를 숨겨둔다. 그리고 제일 큰 슈퍼 힌트도 숨겨 둔다
5. **Send the kids out to find all the clues.** Tell them *not* to open clues, but to simply bring them back to your meeting point. 아이들이 보물찾기를 하도록 한다.
6. When all 12 clues have been gathered, **take turns opening them up, reading the clues, and answering each question together as a family.** (Alternative: For very young children with short attention spans, you might want to open and read each clue *as they find them* so they will have a little bit of “hunting” time between each clue.) 12 개의 힌트를 열고 읽어주거나 읽도록 도와 준다.
7. When all the clues have been read and discussed, **read the final large “clue.”** Encourage your kids to memorize the verse from Psalm 118:1. 마지막으로 제일 큰 슈퍼 힌트를 열고 성경구절을 암기 하게 한다.
